Forecast For Wales
Issued by Met Office Exeter
at 1600 on Tuesday 30 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Some heavy rain this evening, followed by blustery showers later.

This Evening and Tonight:
Cloudy and damp at first, then a band of heavy rain sweeping in from the west giving a spell of wet weather. The rain clears by midnight, but will be followed by some heavy blustery showers and strong, gusty winds. Minimum temperature 5 deg C (41 deg F).

Wednesday:
Bright spells and occasional showers on Wednesday, with the showers locally heavy and mixed with hail, and becoming more frequent in the afternoon. Feeling cold in the strong wind. Maximum temperature 9 deg C (48 deg F).

Outlook for Thursday to Saturday:
Early wintry showers Thursday then bright and cold. Rain and hill snow Thursday evening then dry and bright Friday. Further rain Friday evening, then unsettled and very windy on Saturday.
